

2010 Lu Winsor Memorial Environmental Grant Criteria

Does the grant proposal meet the funding criteria?

Grant reviewers, based on the organization's proposal, will use the following criteria to rate your application (with maximum scores for each criteria as shown below). Instructions to grant reviewers: (1) In addition to scoring each criteria, please **follow up with written reasoning to support your scores**, and (2) Add the scores together for each criteria and place the total score in the space provided.

	SCORE
Does the project address an issue related to drainage, water quality, habitat protection or an action item of the KGI Watershed plan?	(40 points)
Does the project have a good likelihood of success?	(25 points)
Will the project result in lasting impacts and benefits?	(15 Points)
Does this project have community support and/or will it build partnerships?	(10 Points)
Will the project benefit citizens of the local watershed?	(10 Points)
Is the organization receiving grants from other sources? If so, from where?
