Additional Information: (Optional) Use separate page if needed

A site plan, which includes the following information, must accompany this application per Pierce County Code, Title 18H, Development Regulations – Forest Practices and Tree Conservation, Section 18H.20.060.

- Harvest boundaries and tree retention areas;
- The approximate location of any existing structures;
- The locations of all existing and proposed streets, rights-of-way and easements within the proposal;
- The location of future land development including stormwater management facilities and vegetation to be retained for site landscaping, open space, wildlife habitat, screening, and/or buffers;
- Critical areas and critical area buffers regulated pursuant to Title 18E-Critical Areas, if known;
- Streams and culverts, if known; and
- North arrow and scale must be shown on all site plans. The scale may be no smaller than one inch to 200 feet.

We affirm that the information contained herein is true, and understand that this proposed forest practice is subject to the State Forest Practices Act and Rules and Title 18H, Pierce County Development Regulations – Forest Practices and Tree Conservation, as well as all other federal, state or local regulations. Compliance with the State Forest Practices Act and Rules and Title 18H does not ensure compliance with the Endangered Species Act or other federal, state or local laws.
