### **Discussion Items**

#### **LUAC proposal:**

There was a brief discussion on paragraph 4), d) of the draft. There were some technical processing questions that also came up. Lacking any specific proposals it was decided that Gordon and Vicki would put the proposal in a formal policy format and develop a draft ordinance change. In this way we hope to answer the issues raised in the meeting.

#### **Team Approach for Plan/Ordinance:**

Chip Vincent and Vicki Diamond presented a list of things they are doing to improve communication. Members generally felt the steps taken addressed the issues. It will be put back on the committee agenda in six months to confirm success.

**Reorganization**

A memorandum highlighting the 16 unfilled positions recommended in the audit was distributed. There was a cost breakdown for the various positions. PALS will bring back a proposal for the 2006 budget year.

Other than readability and printing problems, there were no comments on the proposed organization chart distributed at the previous meeting. PALS is completing an internal review and will include any organizational changes with the staffing proposal.
